in confidence because you can understand more, even in the most difficult hearing situations. We offer a larger selection of hearing instruments. Consult with us today and hear the difference a truly personalized hearing solution can make for you.

I'm Jeanne Schrink, and yes, I can be a bit corny at times. It's almost harvest time and I wanted to invite you to our Special Harvest Event.. You may not know me, but I am a Jackson County native. I find my job to be very rewarding helping patients to understand and hear better. And in return, I'm blessed with a unique bond with each of my patients.

To my patients, thank you for putting your trust and confidence in me to improve and help your hearing care needs.

Testimonials

Bill Day

“Customer Service... Integrity that I strive for”

As a business owner, I know word of mouth is the best advertising. The testimonials given by **Schrink Audiology Hearing and Care** patients convinced me to go see Jeanne Schrink to have my hearing tested. With my new hearing instruments I am more

comfortable and at ease talking with people. At **Schrink Audiology Hearing and Care**, I received great one-on-one customer service, outstanding product, and the same level of integrity that I strive for in my own business.

“I Am Very Pleased With My New Rechargeable Hearing Aids!”

I am very pleased with my new rechargeable hearing aids and so happy with the wonderful care and service provided by Jeanne, D.J. and Cindy! I would highly recommend **Schrink Audiology Hearing & Care** to ANYONE who needs help understanding and hearing better.

Janet Long

“In one word, my trust and confidence in **Schrink Audiology Hearing & Care** would be EXCEPTIONAL!”

My concerns about a possible hearing loss and how it could be affecting my memory motivated me to make a trip from Florida, where I live, to seek help from **Schrink Audiology Hearing & Care**. There is no monetary value that I can put on the testing, education and fitting for my

new hearing aids that I received. In one word, my trust and confidence in **Schrink Audiology Hearing & Care** would be EXCEPTIONAL! Thank you to my dear friend, Jeanne, along with D.J, for making my hearing health care the BEST it can be.

“I Can Hear With Both Ears!”

I was fitted with a left and right hearing aid with what is called cross over technology. I CAN HEAR WITH BOTH EARS! I can now pick up sounds from my left ear that is deaf into the Bi-Cross, which transmits into my aided right ear. I am so excited that I now have the effect of normal hearing. Jeanne Schrink is not just about selling hearing aids, she really cares about making my hearing experience as good as possible.

“I Absolutely Can’t Imagine Life Without Them!”

I have had my hearing devices for almost 2 years now and absolutely cannot imagine life without them! I put them in first thing in the morning and take them out last thing before bedtime.

Oh my, what I missed out on by not knowing

how poor my hearing had gotten.

My granddaughter’s high-pitched voice was a problem for me to understand. I was turning the volume up on the TV to try to understand what was being said and asking people to repeat things. The professional service I have received from Jeanne, DJ, and Cindy is fantastic! LIFE IS GOOD!! And too short to miss out on how GREAT it is to hear really well. I HIGHLY recommend **Schrink Audiology Hearing & Care** to improve your sense of hearing like they have mine.

“Mom, You Need Hearing Aids.”

I had been told by my daughters, ‘Mom, you need hearing aids.’ I knew it, but I just needed a shove. Since I received my hearing aids from **Schrink Audiology Hearing & Care** in Seymour, my grandchildren tell me they

can tell a difference in my speech and hearing. Super professionalism in the testing, fitting, follow up appointments, instructions on care, and 24 hour consultation if needed.
